UCEAP Semester Units 3.30

Course Description

This course discusses how languages are related to one another and how they change over time. It provides familiarization with reconstruction and the comparison method, as well as the importance of analogy in the shaping of language histories. The course gives an introduction to descriptive and theoretical aspects of historical linguistics, covering phonetic, phonological, morphological and syntactic change with data from European and non-European languages.

Language(s) of Instruction
