Course Description

This course discusses movement and dance as strategies for teaching and learning music in the classroom. Topics include: parameters of movement and tempo; parallels and transfers between musical and bodily language; rhythm, movement, and dance as accompaniment to singing, preparation of instrumental skills, and experimentation with and internalization of different musical content; basic techniques and elements of formal dance; basic techniques for dance improvisation and choreographic composition; transcription of dances and proposals; teaching and learning rhythm, movement, and dance as a methodological strategy for acquiring other musical skills; critical evaluation of rhythm, movement, and dance based on classroom performances and productions through observation and analysis of proposals in visual-digital format; design of sessions and teaching units within the general curriculum of the music subject in arts education; knowledge and application of dances of diverse style and origin for primary education.
