Course Description

The course represents the second half of the intensive language courses for beginners and those with intermediate qualifications. Completion of this course and GM1003 can provide a one-year foundation for those seeking an ancillary language skill, or lead to entry into the Second Level German class and subsequently to an Honours degree in German. The course builds on the work done in Module GM1003. Students complete the second half of a one-year course in modern German and continue to develop their linguistic skills, both written and oral. The course is not for native or heritage speakers of German.
