3.30

## Course Description

In this course, students uncover the fascinating world of processes in businesses and daily lives. They explore how things get made, from the smallest gadget to the largest machines. It's not just about factories and assembly lines; it's everything from a coffee shop to the latest tech companies and the processes they use. Students explore how to design these processes, keep them running smoothly, and constantly improve them.

## Language(s) of Instruction

English

## Host Institution Course Number

VID404G
