Course Description

After completing this course, students will make progress in the following areas.

1. Students can master the initial consonants, vowels, and tones of Pinyin, as well as the basic rules of Pinyin writing and the use of Pinyin recognition.
2. Students also need to learn the basic structure of Chinese characters, including stroke, stroke order, radicals, etc., to learn how to write Chinese characters correctly, and to improve writing speed on this basis.
3. Learn new words and basic grammar structures, and practice the students' vocabulary and grammar.
4. Learn daily communication topics and be able to communicate fluently with others on these issues.
5. Read Chinese articles mainly composed of learned vocabulary and grammar, and strive to gradually understand the main content of the article correctly during practice.
6. Learn to use the vocabulary learned to write short essays, covering topics such as character introductions, family introductions, interests, and hobbies.
