Course Description

This seminar prepares students for the field trip to Hiroshima and Nagasaki (KCSEM 209), which involves spending a week traveling together to Hiroshima and Nagasaki while earning credit. The latter involves experiencing the enduring impact and evolving memories of the atomic bombings of these two cities more than 80 years later. This seminar culminates in attending and studying the Memorial Services held in Hiroshima on August 6th and Nagasaki on August 9th. Both courses aim to reflect on how memories and commemoration of the atomic bombings have changed over time and their impact in the current international environment.
