UCEAP Semester Units

3.70

Course Description

The course discusses the global economy since 1500, from a European perspective. The focus is placed on the development of material living standards, political participation, and their interaction over time. Students understand the long-term perspective and the role of historical case studies for economic decision making. They gain new insights into long-term development and apply their knowledge of economic theory and basic empirical methods, together with a critical perspective on historical sources.
