Course Description

This course is part of the Laurea Magistrale degree program and is intended for advanced level students. Enrollment is by permission of the instructor. This course provides students with the opportunity to develop a critical knowledge of European integration with particular attention to the most recent crises, related to finance, immigration, and the violations of the rule of law. At the end of the course, students have acquired: a) wide perspective on the intersection of political, legal, historical, and economic factors in the management of the crises; b) skills useful for the identification of the legal and political factors influencing European integration; c) fundamental techniques of reading and understanding of European, constitutional, and legal sources of law; d) skills of analysis of European and domestic case law; e) critical skills for the comparative analysis of historical, legal, and political factors of integration processes.
